.20	Communication Skills Relationship to Improving the Institutional Performance of Sports Clubs in Diyala Governorate	Dr. Samer Jassim Awda	294 – 311

Instruction of Publishing in the journal of Sports Science

To the researchers who would like to publish their papers in the Journal of Sports Sciences they should take into account the following instructions:

So as to be able to publish their papers as soon as possible, and to guarantee the non-delay in the publication in our journal.

1. Delivery three copies of the paper printed in (A4) size paper.
2. Acheque in (150.000) hundred thousand dinars.
3. A written confirmatory not by the researcher they has never published this paper in any other journal or derived from an M.A thesis or ph.D dissertation or website.
4. Writing the research title on the first page then the researchers' name, place of work, the E-mail as well as the keywords of the research then abstract in Arabic.
5. Writing the abstract of research in English including the title of the research, the name of researchers and keywords.
6. The number of pages should be exceed (15) pages. If you exceed this number of page, you have to pay (2,500) IQD for each page.
7. Using the printing program (Arab Offs 2010) only.
8. The font of titles should be (16) (simplified Arabic)
9. The font used should be (14) (simplified Arabic).
10. The sources must be written in the body of the research as time
11. system (The last name of the author : year: page number)
12. The sources must be written at the end of the paper presenting the title the last name of author then the first name.
13. After evaluating and reviewing the paper, a modified version must be handed (if there is any modification remarked by the scientific supervisor)
14. The registered and evaluated papers must be listed publication.
15. The journal opoloizes for those paoer which don't meet the requirements and the instructions mentioned above

With Thanks

Note: The journal is not responsible from corrections or any delay in corrections.
